****Electronics:** Each team (2 classrooms) is equipped with a set of 15 Chromebooks and 7 ipads that students can use to support their learning. To increase student access to technology, PRMS is promoting, **BYOD: Bring Your Own Device**. Any student who has their own laptop, tablet, or Chromebook is encouraged to bring it to school to use for academic purposes. When not in use, students should lock their electronic device in their locker for safekeeping. Families interested in purchasing a device for their child to use at school or at home are encouraged to consider the Chromebook (approx cost: \$250 plus tax). Please note: Chromebooks require Internet access for full functionality.
